

## YOUR HOME

Flooding is the most common and costly natural disaster in the United States. Unfortunately, not everyone is aware of their flood risk and how to prepare for a flood.

This checklist provides useful information on how to financially prepare before a flood event. Help us spread the word to protect what matters, and be flood smart by sharing this checklist on your social platforms.

Review your current insurance policies to see if coverage is provided for flood damage to your home and its contents.
Most homeowners insurance does not cover flood damage, so be sure to purchase flood insurance to cover both your property and contents.
Recover more quickly and easily by following these <u>three steps</u> when filing your flood insurance claim: notify your insurer to start the claims process, document the damage, and complete a proof of loss to support your claim.
Use the <u>Agent Locator Tool</u> to find an agent who sells flood insurance in your area, or call 800-427-2419.
Ensure that medical and financial records—including your insurance policy—are in a waterproof container and store additional copies in a separate secure location.
Create a contact card small enough to put in a wallet with important names and numbers to use in case of an emergency.
Establish a disaster procedure and <u>family communications plan</u> to share with your family members.
Identify ways to make your community more aware of the <u>flood risks in your area</u> .
Spread the word by sharing this checklist on your social networks.
Tune in to local media and community messaging about potential disasters.
Share your flood stories with us at <a href="mailto:info@femafloodsmart.com">info@femafloodsmart.com</a> .
