New Business:

- A discussion on the purpose of the Blight Committee was conducted, with all members being informed of the reasoning behind the formation of the Milton Borough Blight Committee, as well as the process by which a case would be brought before the committee. Ms. Feigles-Kaar expressed concern regarding Northumberland County's role, noting that the County is not the most active organization within the area.
- A discussion on the International Property Maintenance Code was held. Examples of typical citations were presented by Mr. Klingler, who explained what types of violations fall under the Milton Borough Quality of Life Ordinance.
- The Committee discussed properties they would like to review. Ms. Meckley suggested the property at 339 South Front Street for the program and asked whether, if the Borough already has a judgment on the property, Community Development Block Grant (CDBG) funds could be used to remove the structure. Mr. Klingler provided the Committee with a list of all blighted properties within the Borough for consideration. He asked Committee Members to visit each of these properties and identify which they believe are the highest priority for further action..

At this time, 5:17 pm, on motion from Mr. Walker, seconded by Mr. Gonzales, and carried, Committee meeting adjourned.
